All Sorts of Liquors Are  
Sold Over Bars in Ocean  
Resort.

# BARS OF HOTELS ALONG BEACH FRONT ARE CLOSED

Only 2-3-4 Per Cent Beer Is  
Allowed By Internal  
Revenue Dept.

Washington, July 1.—Test cases on the sale of beverages containing more than one-half of one percent of alcohol will be brought immediately by the department of justice in all jurisdictions where such cases are now pending.

Atlantic City, July 1.—Practically every saloon in Atlantic City is open today and dispensing liquid refreshments of all kinds. Whiskey, brandy, gin and other sort of liquors are served to patrons. The exceptions are the beach front hotels, all of which closed their bar rooms, with one exception. The wholesale houses are also closed.

# FEW FIND SOLACE IN KICKLESS BEER

Washington, July 1.—The whole nation awoke today to a realization of prohibition. The banishment of the "eye opener" at the bar, long ago forgotten, has been replaced by the "kickless" beer. Only those who have been provided enough to "stock up" in advance for the long drought, or who could find solace in 2-3-4 percent brew were able to carry out the time-honored custom of starting the day with an early morning "kick."

War time prohibition, banning for the time all distilled liquors and leaving in a cloud of doubt the future of beer, was effective at midnight. Exemption of beer from the list of forbidden beverages came as a result of an eleventh hour announcement by the department of justice that pending decisions in present litigation will decide whether brew containing 2-3-4 per cent of alcohol is intoxicating, no action would be taken toward stopping the sale of beer containing no more than that amount of alcohol.

# QUO IS DENIED EVEN 2-3-4 PER CENT BEER

Columbus, July 1.—The announcement of the State Attorney General, Palmer, that for the time being he will not prosecute for the manufacture and sale of liquors with an alcoholic content of 2-3-4 per cent, which will have little effect on Ohio because brewers of the state have not made beer since the war, and it cannot be shipped in from other states because Ohio is considered dry territory by the government, even though its dry law enforcement machinery has not been perfected, according to prohibition leaders.

# HAILED BY BRITISH WORKERS AS FIRST ENGLISH PRESIDENT

He is one of the most influential labor leaders in Britain, and has expressed sympathy with the Bolshevik movement in Russia.

U. S. Contends Such Action  
Would Admit Mexican  
Ownership.

Washington, July 1.—The Mexican government has committed an overt act of confiscation in preventing American oil well drillers to work on lands owned by American individuals or companies by sending soldiers into the fields and driving away the workmen, state department officials said today.

Complaint was made to the Mexican government on April 2 of this year, it was learned, against the refusal of the government to grant permits to the oil companies to drill. No answer was received until after the Juarez incident. It was said and then President Carranza announced no permits, provisional or otherwise will be granted until the companies had complied with the law. Compliance with the law, it was said by state department officials, would constitute recognition by the companies that the Mexican government owned the oil lands.

# LET'S MAKE LICKING COUNTY LEAD.

The women's campaign for the sale of War Savings Stamps in Newark is the best in Ohio, says the state war savings committee. This means that Licking county is "on the way" towards the \$10,000 Victory Shaft that will be awarded to the county selling the largest percentage of its W. S. S. quota in June, July and August. Licking county made a good record in June. A pull together this month and next should put Licking in the Victory class and win the shaft. Here is Licking county's opportunity to obtain a soldiers' and sailors' memorial without cost and a chance to put Licking county first in Ohio. It can be done. Ohio is leading the nation in W. S. S. sales and Licking county can lead Ohio. If those who can buy the limit (200 W. S. S.) will do so and if others will buy as many stamps as possible in July and August the prize will be won. Save for the "rainy days" by buying W. S. S. You know you can get all of your money back with interest anytime you need it. Buy W. S. S. now. You couldn't possibly put your money in a safer place or to better use. When the W. S. S. quota is subscribed Licking county will rank 100 per cent in war activity and not before.

# FIRST DAY'S SUBSCRIPTIONS FOR SALVATION ARMY REACH \$5000

Workers Find That Pledges Are Not As Large As Needed  
To Reach Goal Set—Plan Stunts for July Fourth.

The Salvation Army drive inaugurated yesterday netted a little over \$5,000 including the soliciting of two factories last week necessitated by the fact that the plants would be closed this week for the summer holidays.

Chairman A. P. Hess of the campaign committee stated today that he was surprised at the generous response on the part of the public but many were not pledging as large amounts as had been expected. He said that nearly everyone approached gave something but many who could afford to give were not "coming across" with the amounts necessary to make the campaign a success.

Most of the teams assigned to the work were out yesterday and are working today, but more workers can be used and it is hoped that more of our citizens will tender their services. The drive is to last the entire week the final report being made Saturday night. The goal is \$25,000 and it will take some work to secure that amount but if each one pledges to their utmost ability it can be done.

# BOXERS PREPARE HANDS IN RING

Bandages and Tapes Will  
Be Applied After Men  
Mount Platform For Mill  
July Fourth.

Toledo, July 1.—Jesse Willard and Jack Dempsey will go into the ring for the heavyweight championship contest Friday with bare hands and all bandaging and taping will be done in view of the spectators and seconds of the heavyweights. This announcement was made today by Tex Rickard, promoter of the contest.

The decision to request the boxers to bandage their hands in the ring is regarded as a victory for Willard who protested against Dempsey's plans to adjust the tape and bandages on his hands while in the dressing room.

What amount of tape and bandages will be used has not yet been determined. Willard said that he would insist upon a thin layer of cotton surgical bandages, and only enough tape to hold the bandages in place.

Final arrangements regarding the details of the big contests were completed at a conference between the boxers, managers and Rickard. The boxers will wear specially made five-ounce gloves and each will be allowed to have five seconds in their corners, including the manager or adviser as the case may be. They will dress for the encounter in dressing rooms, erected under the stands and will enter the ring from the dressing room which opens within a few feet of the ring.

Willard inquired whether Dempsey intended to grease his body for the contest, as he had heard was being done previous to the daily workouts. He said that it did not make any difference to him whether the challenger was oiled or not, provided he knew in advance and could do likewise.

Dempsey told Rickard that he had never greased his body at any time and had no intention of doing so for the championship bout. This statement cleared up a controversy and there will be no greasing the body with oily matter at any time during the last few hours before the clash.

# SOLDIER AMONG DEAD TAKEN FROM DEBRIS

Steel Coach Reduced to  
Wreckage By Speeding  
Passenger Train.

Dunkirk, N. Y., July 1.—Eight persons are known to be dead and more than 40 injured in a collision between a train number 41 and train number known as "the westerner" at 3:00 o'clock this morning at the Third street station here. All the fatalities occurred in the first passenger car of the latter train.

Eight bodies were taken from the wreckage and one was found lying on the debris were were scattered about what was believed to be the engine. Twenty persons were seriously injured and many more were taken to a local hospital.

# BELIEVE TRAIN CAUSED FALLING OF AIRCRAFT

Washington, July 1.—An unidentified tramp, killed in the New York Central railroad wreck at Dunkirk this morning, was according to reports to the railroad administration, probably the cause of the tragedy. The mechanism controlling the flow of air from the locomotive to the brakes on the train was found shut off at the place where the tramp was riding.

The official report says that when the locomotive of train number 41 exploded after teleoperating the steel pullmans it drove the wreckage into such a tangled mass that P. C. Crowley, general manager of the New York Central who was in Dunkirk had to order acetylene flamed torches to separate the wreckage.

Passengers were treated by local and out of town doctors and brought here on relief trains.

The dead are:  
F. L. Clifford, engineer of the Western, who lived in Buffalo.  
Frederick Stots, his fireman of Long Island City.

Frederick H. Carlton, 35 years old, Toronto, Ont.  
Unidentified man about 25 years old, were soldiers uniforms.

Unidentified boy about 3 years old.  
Unidentified girl about 10 years old.  
Unidentified man about 35 years old.  
Unidentified woman about 25 years old.

Among the injured are:  
Charles M. Lyndesley, Dayton, Ohio.  
Dr. John M. Lyndesley, New Albany, Ohio, his wife Mrs. Mary Lyndesley and son Webb Lyndesley.

S. J. Webb, Columbus, Ohio.  
Dr. Switzer is in a critical condition. The others injured while seriously hurt, are expected to recover.

Gertrude Carter, the ninth victim died in the hospital this morning. The authorities believe the body of the man dressed in soldier's uniform is Charles Schiller. Cards bearing this name were found in his clothing.

Train number 41 left Buffalo at 12:31 o'clock. The Western left a short time later. Railroad officials say that number 41 developed on eventful journey and was delayed about a half hour. It was not until about 3:00 o'clock that the speed perceptibly was reduced as the Dunkirk yards were approached.

All the coaches of number 41 were steel construction. The body of the last coach was badly damaged. A truck hit the body from behind and pushed the coaches from the rails and upright.

When the tender of the Western struck the body of the train, it was pushed forward and (Continued on Page 2)

**W. S. S. FLOAT  
IN JULY 4 PARADE;  
BUY W. S. S. NOW**

The Women's division of the Licking County War Savings Committee will have a float in the Fourth of July parade. Mrs. S. H. Henderson, 404 Main street, is chairman of the committee having the matter in hand. The women who are leading the state of Ohio in W. S. S. sales are planning to make a special effort to boost War Savings Stamp sales here next Friday-Independence day.

The Edward H. Everett Company which bought the limit of War Savings Stamps last year has just purchased 200 stamps of the 1919 issue.

O. C. Jones, mayor of Buckeye Lake, who bought all of the W. S. S. the law allowed him to own last year, has just become a member of the 1919 Licking club.

Stamps purchased after Aug. 31 will not count in the race for the Victory shaft. Buy 'em now.

If everybody in the county would buy two War Savings Stamps now,

Licking county would "go over" at once. (Hendersons are able to buy 200. They couldn't find a safer or better investment the world over.)

The Victory shaft, a \$10,000 prize, is the gift of Vermont manufacturers. It is not paid for by the government.

Members of the Women's W. S. S. organization who will boost stamp sales on July 4, are requested to report to Mrs. S. H. Henderson, 404 Main street, at 12:28. Mrs. Henderson is in charge for a team and for a W. S. S. sales booth on July 4.

Let's win the Victory shaft. Buy War Savings Stamps, and buy them now.

Theodore Weisich  
Francis Haden  
Edward H. Myers  
Eugene Loder

These names are about to be posted with hundreds of others upon the courthouse park bulletin boards.

The buyer of \$50 worth of W. S. S. may thus honor a soldier or a sailor or any number of people together buying two W. S. S. may form such a club.

The buyer of 200 stamps may honor two soldiers. Licking county has formed more "Bring 'Em Back" clubs than any other county in Ohio, it is said.

The bodies of these men have not yet been identified.

**ATLANTIC CITY**

(Continued From Page 1)  
Justice officers toward been known last night, some of the prohibition advocates in congress were in favor of postponing the plan to a hour until July 7 in order that the act to define what beverages are intoxicating and providing for the enforcement of the wartime dry law might be rushed through. However, leaders refused to accept the proposal and the question at its earliest cannot be considered until next week. Even then a still fight is promised as an effort will be made to permit the legislature to set aside the wartime act in so far as it relates to light wines and beer.

Celebration of the passing of the saloon in many cities throughout the country lasted until early this morning, although actual sales of liquor stopped at midnight.

**NEW YORK DRINKS MUCH  
LIQUOR ON LAST DAY**

New York, July 1.—Open bars where beverages of 2.75 per cent alcoholic content could be purchased by the drink, offered the only consolation drinkable in New York today to the friends of hard liquor on the first day of war time prohibition.

Cafes, restaurants, hotels and liquor stores in many instances virtually depleted their stocks of "heavy liquors" when the law went into effect at midnight, noticed their customers than further notice the stronger varieties of beers, wines and liquors would not be sold.

Heavy buying of bottled goods for private consumption in the dry days to come marked the passing of "hard liquor."

Throughout the country the last few hours of the unrestricted sale of all beverages were ushered out without much hilarity but with considerable drinking, as if to see how much could be consumed before the dry period set in. Inside the popular hotels and restaurants the celebrators bought fast and lavishly and watched the clocks.

District Attorney Swann in a statement said he was in no way connected with the situation. Internal revenue collector Wm. H. Edwards announced that his office was not concerned with the direct enforcement of prohibition and that he had received no instructions to seek evidence of violations of the law.

The question of selling light wines, as well as "war beer" has been left to the judgment of the hotel men and restaurateurs by their lawyers. Some restaurant keepers and hotel men expect to sell light wines with no risk until the policy of the government toward such drinking had been clearly defined.

**CYCLIST INJURED WHEN

**This is a Greater Maxwell**

There have been many improvements made in the Maxwell since the war ceased. Some of them have made the car look better. Others have made it run better.

You will note a new type radiator, a further advance in body detail, an improved electric system, a Hot Spot and a Ram's-horn, a superior development in upholstery, and a top more durable.

Any of these is well worth any man's time to look over, and the sum of all represent a decided value added to the car, which post-war purchases for cash have made possible without increasing the price.

But the fundamentals of the car are unchanged. 300,000 Maxwells on the highways of the world—all of the same model—have proved that a policy of never changing the base design is profitable in more ways than one to buyer and maker.

- It means extra value at a lower price.
- It means perfection in design.
- It means perfection in workmanship.
- It means you pay for no experiments, no engineering knick-knacks.
- It means you pay for no mistakes.
- It means a car of everlasting reliability.
- It means a car of endless mileage.

You can easily pay \$200 more and receive less. This Maxwell is old in antecedents but modern as far as sound engineering dare go.

There is no car of the day selling for so low a price to offer so many attractive inducements.

See this recent Maxwell, and bear in mind that despite the eight great Maxwell plants the supply is already running far short of the demand. **\$895 f. o. b. Detroit.**

### FALLS FROM CHERRY TREE; ARMS BROKEN

Clyde Baker, the 13-year-old son of Mrs. J. W. Fulk, fell from a cherry tree yesterday at the Long home, National Drive and Prospect street, and broke both arms at the wrist. Baker, who is an Advocate carrier, was engaged in picking cherries when a limb broke. Bradley's ambulance removed him to the Sanatorium and he is now recovering from his wounds. He was injured while he was taking to his home a basket of cherries. Later in the day some one who had been in the neighborhood saw him and called him. He was taken to the hospital and his arms were set.

It is estimated that insects cost the United States each year about \$100,000,000. That represents damage to all sorts of crops, as well as the trouble and expense incurred to keep this damage from being greater still.

**Mag Rhu****The World's Greatest Guaranteed Stomach  
Remedy Is On Sale At First Class Drug  
Stores In Newark, Ohio****Mag Rhu  
A Brief History of**

The discoverer of Mag Rhu, a Pittsburgh businessman, suffered intensely with stomach trouble for seven years, and during that time he doctor'd with stomach specialists, practiced Christian science, physical culture, gave a thorough trial to every home remedy, tried all the patent medicines he saw advertised to cure stomach trouble, and none of these gave him the slightest relief. He spent in all about five thousand dollars trying to get well. The first dose of Mag Rhu gave him instant relief, the first in seven years, he could hardly believe that he would have permanent relief, but it has now been over two years that he has been cured and has gained over forty pounds.

He was so delighted with this wonderful remedy that for two years he gave all his friends who suffered with stomach trouble this remedy and they were cured. Finally there was such a great demand for Mag Rhu, that a company of Pittsburgh businessmen, who have been stomach sufferers themselves, felt it their duty to put it on the market, not a money-making scheme, but for the benefit of the thousands of stomach sufferers who have failed to get relief from other remedies, and every cent received will be expended in making this wonderful stomach remedy in such a way that stomach sufferers at a price that all can afford to pay.

These Pittsburgh men know exactly just what Mag Rhu will do when they advise you to buy a box of Mag Rhu, and if you do not get relief, you can return the box and it won't cost you a cent.

Mag Rhu is made from natural herbs, is harmless and not a violent or harmful. Thousands of stomach sufferers are made to taste good alcohol and food, and are used to give relief to stomach sufferers.

A great many men and women have been cured of their stomach trouble from one box of Mag Rhu. It is a wonderful remedy for the stomach, and it is the only one for the stomach that has been known to cure a long time and is the only one that has been known to cure a long time.

**Mag Rhu  
Is Guaranteed To Do**

Mag Rhu is a guaranteed remedy for the permanent relief of all kinds of stomach trouble—Indigestion, Dyspepsia, Heartburn, Bloat, Belching, Sour and Gassy Stomach, Heavy Dull Feeling after Eating, Dizziness, Heart Palpitation and Stomach Pains.

Prompt results in cases of long standing, when doctors and patent medicines fail. One box will convince you of the merits. Price of box refunded if after a thorough trial, according to directions, you do not get relief.

Injured two weeks ago and not realizing the seriousness of the injury, Hazel Wilson, the 7-year-old daughter of Mr. and Mrs. William Wilson of near Collings, was brought to Newark yesterday and found to have a broken leg. The leg seemed badly bruised and the swelling was very bad, but the family did not think the injury serious until the child's continued to suffer. She was brought to the office of Dr. P. H. Cosner yesterday and it was found that the bone in the right leg above the knee, was splintered and that she was in a serious condition. An effort will be made to prevent an infection from developing.

# "EVERYBODY MUST KNOW ABOUT IT" SAYS MRS. REED

Feels New Energy Tinging In Every Nerve Since Taking Drees—Also Helps Her Seven-Year-Old Son

"I think everybody should know about this grand medicine," says Mrs. G. H. Reed, of No. 2 Goethe street, Chamberland, Md. Mrs. Reed has many friends and acquaintances here, and her statement will be read with much interest. "For a long time," she continued, "my stomach has been giving me lots of trouble, and nothing I would eat seemed to agree with me, and I suffered agony with indigestion and gas. I have been under treatment almost constantly and have spent lots of money for medicine, but none did me any good. My kidneys became deranged and gave me terrible backaches, from which I could get no relief. I felt like I just could not drag myself out of bed in the morning, and when I would sit up, my head would make up my mind to get up again. I had lost all my energy, and took no interest in anything.

"One day, while reading about Drees, I determined to try it, and after the first few doses, I realized I had reached the turning point. For I began to feel better, and the more I took the better I felt. My kidneys are alright again, bowels move regularly, the gastritis is gone, and no more stomach pains. It did me so much good that I started my seven-year-old son Charles taking it, for he always had a weak heart, and it has brought him out wonderfully, and he looks better than ever before in his life. I just feel like a new woman."

Mr. Powers, the well known Drees expert, has headquarters at Evans Cattle Drug Store, to meet the local public and explain the merits of this great remedy. See him today.

## BUTTERMILK CREATES BEAUTY OVERNIGHT

Delightful New Vanishing Cream Contains True Buttermilk Makes You Look Years Younger or Money Back

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic, but the most wonderful thing about it is the fact that whilst it turns the dull and most lifeless complexion to radiant beauty and makes red or rough arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

There is no secret about it nor is there any doubt about the result—it's just common ordinary Buttermilk in the form of wonderful cream gently massaged with the finger tips around the corners of the eyes and mouth.

To prove this to your complete satisfaction obtain a small quantity of Howard's Buttermilk Cream at J. J. Evans, W. A. Egan, Mykantz or any good druggist on the money back if dissatisfied plan. The directions are simple and it costs so little that any girl or woman can afford it.

## AMBITION PILLS FOR NERVOUS PEOPLE

The great nerve tonic the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous tired out, all his dependent people in a few days in many instances. Anyone can buy a box for only 50 cents, and T. J. Evans is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased.

Thousands praise them for general debility, nervous prostration, mental depression and unstrung nerves caused by over-indulgence in alcohol, tobacco or overwork of any kind.

For any affliction of the nervous system Wendell's Ambition Pills are unsurpassed, while for hysteria, trembling and neuralgia they are simply splendid. Fifty cents at T. J. Evans' and dealers everywhere.—Advt.

## A LIBERAL OFFER BY LICKING CREAMERY COMPANY

To the Users of Milk and Cream From Its Retail Wagons. The Licking Creamery Company begs to announce that until further notice it will make a regular monthly award of two (2) \$1.00 sheets of milk tickets upon each of its retail milk wagon routes to private consumers of milk and cream throughout the city.

The awards will be made on the 15th day of each month. A duplicate receipt stub from every sheet of tickets sold during the preceding month will be placed in a box from which the stubs to receive awards will be drawn by a disinterested party. Each route will be handled separately.

THERE IS BUT ONE CONDITION QUALIFYING THESE AWARDS. All competitors must have their accounts with the Licking Creamery Company paid in full for the month preceding the one in which any given drawing occurs.

In other words, should a duplicate of one of your ticket receipt stubs be drawn on the 15th of one month it would not receive an award unless your account was paid in full for the month preceding.

This is absolutely the only requirement made, thereby characterizing this proposition as being extremely liberal and liberal.

We hope it will please the public. Watch for the next drawing. Your name may be among the fortunate ones to be announced in the papers following the next drawing.

THE car with two or three or four different brands of tires reflects on the owner's ability to buy judiciously.

People who try Firestone Gray Sidewall Tires are no longer in the ranks of the tire doubters.

They know that at least one make of tires has more miles of wear. They know that the name Firestone carries assurance and that the tires are uniformly good.

Paris, June 30.—The entire socialist representation on the peace committee to examine the peace treaty has signed on account of a rejection of two of their candidates including Jean Longuet leader of the minority socialists, who were opposed to the other parties on account of their Bolshevick sympathies. ## COMMERCIAL AND GENERAL EXPENSES

The commercial expenses are not very heavy, and are made up for the most part of the bookkeeping and collection expense and the directory expense.

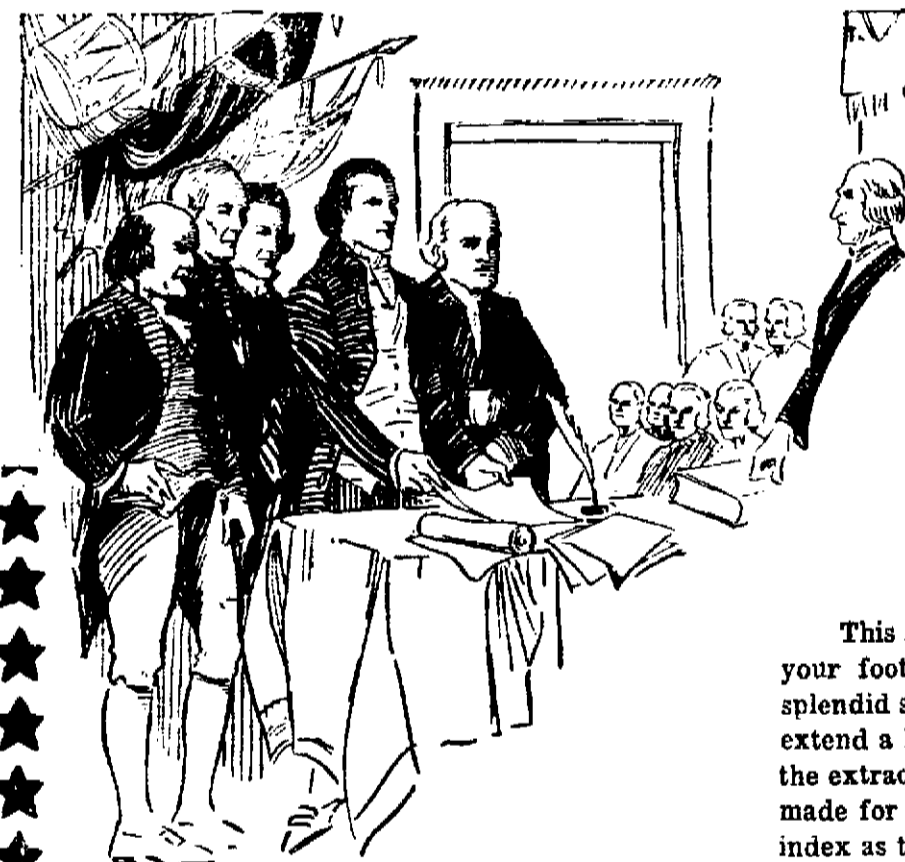

Of the \$1.50 paid by a four-party line user, 6 cents was used for commercial expenses and of the \$3.50 rate paid by the individual business user, 14 cents was so used. This is a slight reduction for the four-party line user and a slight increase for the business user, over the early part of 1918.

General expenses are made up of general officers' and clerks' salaries and expenses, insurance and advertising. Of the \$1.50 paid by the four-party line user, 18.3 cents was used for general expenses and of the \$3.50 paid by the individual business user, 12.7 cents was so used. The increase over the costs for general expenses of the early part of 1918 is due to some increases in salaries to general officers and clerks and to the cost of an appraisal of the company's plant this year, which was not a part of the expenses of a year ago.
